

Thinking of Joining the PTA Pool Club?

Join up here ... <http://aldryngton.wokingham.sch.uk/home/pta/pta-pool/>

Here's what some previous Pool Club members have had to say....

"I had my doubts about joining at first. I wondered would we get use out of it - it has been FANTASTIC! Not just for confidence in the water (amazing how friends can encourage each other) but we have loved every minute of it. The water was warmer than expected and on a lovely day it's almost like being on holiday!"

"Last year we were new to the Aldryngton community. My children had heard so much about Pool Club so were desperate to join. I have to say, sitting round the pool enabled me to make friends with so many other parents and the children had a great time splashing and swimming about with their friends!"

"My children love it and wouldn't forgive me for missing it"

"I really enjoyed the induction & resus training evening. It was light hearted and fun – I didn't know such a serious topic would be so enjoyable!"

"We have been members of the pool club for 5 years now and my children love it. They always meet a friend there without the need to plan a playdate and in the summer holidays is a cheap way to spend a carefree afternoon in the sun!"

"We have been members of the pool club for seven years so far. Our children love the pool especially on a nice sunny day, meeting up with friends and making new ones. It really isn't that hard to undertake the duties and set-up or close down the pool. Usually there are other willing parents able to lend a helping hand or to answer a question. The resuscitation training is a valuable life skill"

"I wasn't sure whether to join at first because I had a younger child under 5, but so glad I did ... it was really easy to find another parent to watch over my under 5 while I did my shadow duty and my kids said they had the best summer"

"It wouldn't be summer without the Pool Club"

"My family have had a ticket for 12 years, we are very sad this is our last. I have loved walking to the pool on a hot afternoon to sit and soak up the sun while the kids have fun in the pool. The Pool Club has made all of our summers at Aldryngton really special. The children love to meet their friends over the long holidays and it is great for me too. An afternoon out every day!"

"We joined the pool club last year in our first summer as Aldryngton parents. Our children loved it, met and made friends and there is a real community feel with the parents round the pool. We used the pool far more than we expected to, great value for money and it is much warmer than Loddon Valley! Our children have already insisted they don't miss out this year"
