Try-a-Tri 2018

Saturday 23rd June

Aldryngton School – Team event

WELCOME

...Inspiring a Generation...

Message from the Headteacher, Elaine Stewart

"Eight years ago Aldryngton hosted its first Triathlon. Despite some very wet and windy conditions, the event was a huge success. Children from Lower, Middle and Upper Schools demonstrated their skills and talents to work well as part of a team, whilst also raising funds for the development of the school grounds. My thanks go to all the event organisers from the PTA for helping to bring this event together. Without their hard work this event would not be possible. Fingers crossed the weather will be kind to us this year! Thanks also go to everyone who has sponsored the participants. Funds raised will go towards the PTA's nominated school projects."

Message from the PTA Chair, Erika Augusti

"Aldryngton PTA welcomes you to Try-a-Tri 2018! Thank you for coming to support your children and the PTA. As well as organising an excellent sporting event, the Try-a-Tri team have arranged a BBQ and refreshments for you to enjoy throughout. This is the 8th year we've run the Try-a-Tri, sadly however it may be the last. Many of the organising team will not be Aldryngton parents next year, so we are very keen to recruit a new team to ensure that the Try-a-Tri continues to be a key part of the PTA social and fundraising calendar. If you can become more involved please speak to any member or email the PTA directly using the link on the PTA page of the school website. I hope that you all enjoy your day!"

Team events – Saturday 23rd June

	Registration (Mrs Gregory's classroom)	Race Briefing (Hall)
Lower School	11.00	11:40
Middle School	12.30	13.10
Upper School	14.00	14.40

Your whole team should register at the same time if possible. Please arrive on time for your registration. **Please enter the registration classroom from within the school not via the playground as there will only be one entrance door in operation and one queue (see map for location details).** At registration your name will be checked off a list. Your team will be given a race number and we will write this on your arm. Swimmers will also be given a hat showing their team number.

Cyclists: Leave your bike outside while you register. We will give you a sticky label showing your team number, and you should stick this on the handlebars of your bike so that it is easy to see from the front. After registering, collect your bike and take it to the bike checking area. Keep your bike helmet with you.

Next, please make your way to the briefing hall to await instructions for the day. **It is very important that you go to the race briefing so that you will know what you need to do for your part of the triathlon.**

If you can't take part on the day due to illness or any other reason, please let us know ASAP by emailing ptateams@aldryngtonpta.com and we will try to find someone to take your place.

Sometimes children have to drop out, and teams need stand-ins to take part in an extra event. If you are also happy to be an emergency stand-in for us, please make sure you bring your swimming kit, bike, AND running shoes!

TEAM Triathlon Instructions for LOWER SCHOOL (Years R, 1 & 2)

1: Swimming Start: 12.15

The swim takes place in the Aldryngton School Pool. You should arrive at the pool side 10 minutes before your start time. Make sure you have something warm to wear on pool side while you are waiting to swim. Boys and girls will change for swimming in separate rooms. Parents are not allowed in the changing rooms. Food and drink is not allowed in the pool area. We will provide a swim cap for your race. There will be marshals at the pool to explain the rules if you are unsure, and lane counters to ensure that you complete the correct number of widths/lengths.

Two swimmers will take part in the swim event at the same time. Each competitor will swim 3 widths of the pool starting in the shallow end by the steps and exiting by the entrance gate of the pool. Help will be at hand to assist the children exiting the pool. The swimmer can choose what stroke they wish to do but we would not recommend backstroke as this may cause collisions in the pool. Once the swimmers have exited the pool they will need to **walk** to the cycle transition point to tag their cycling team member. After completing your swim you should dry off, **quickly get changed**, and head over to the run finish area for a photo with your team and to receive your medal.

2: Cycling Start: 12.15

Whilst the swimmer from your team is competing, you should wait outside the pool area with your helmet already safely secured. Once tagged by your swimmer, you should **walk** to your bike which will have been left in the bike holding area. You should then walk with your bike to the start line (the marshals will instruct you) and start the ride. Marshals will only allow cyclists to ride with their helmet properly secured.

Lower School: Cyclists complete 1 lap only.

At the end of each bike lap, you should dismount and then collect an elastic band which you should place around your wrist before remounting (this is so we can keep a count of how many laps each cyclist has completed). On completion of your 1 lap, you should then tag the runner of your team. After completing the ride, place your bike back in the bike rack and head over to the run finish area for a photo with your team and to receive your goody bag/medal.

3: Running Start: 12.20

You should wait in the bike/run transition area whilst the cyclist in your team is competing. You can only start your run after you have been tagged by your cyclist team member

Lower School: Runners complete 1 lap only and will then be guided to the finish line by a marshal.

Once you have completed the allocated number of laps, a marshal will guide you to the finish line where the team finish time will be recorded. After completing the run, wait in the finish area where the swimmer and cyclist from your team will join you for the team photo and goody bag/medal.

4: Team Photo and Medal Start: 12.55

The swimmer, cyclist and runner will all meet up in the run finish area, and run a short distance together for a photo (this is not part of the timed team event). The team will then receive their medals.

The field will be busy when the event is in full swing with swimmers in the pool, and cyclists and runners from different teams on the course simultaneously. Safety

To remove any risk of a cyclist bumping into spectators, we kindly ask for **no cycling off-course** or anywhere within the school grounds. As Try-a-Tri is very well attended there are frequently large quantities of people moving around; back and forth between main hall briefings, picnic tables, food stalls, etc.

If a child cannot take part on the day due to illness or any other reason, please let us know ASAP by emailing ptateams@aldryngtonpta.com and we will try to find a stand-in.

If a child does not complete a section then medals will still be awarded. We will ask stand-ins to replace missing team members where possible.

How is each team's overall time recorded?

The marshals will have synchronized watches before the event. Start and finish times for each stage will be recorded, along with the overall time taken to complete the triathlon.
