What is judo? It is many things to different people. It is a fun sport, an art, a discipline, a recreational or social activity, a fitness program, a means of self-defence or combat, and a way of life. It is all of these and more.

Professor Jigoro Kano founded Judo in 1882 as a structure for mental and physical education, deriving from the ancient forms of Japanese martial arts, Kano created a safe, yet effective form of self-defence.

It was introduced into the Olympic Games in 1964 and is practised by 40 million people in over 200 countries. People practice to excel in competition, to stay in shape, to develop self-confidence, and for many other reasons. But most of all, people do Judo just for the fun of it.

Judo is a popular activity open exclusively to pupils at your school.
