Aldryngton Primary School Knowledge Organiser: Who were the Ancient Greeks and what was their legacy?

What was their legacy?

The Ancient Greeks left a huge legacy across the world. Here are a few examples:

Democracy

Olympic games

Marathons

The alphabet

Lots of teaching and learning techniques, for example: questioning and answering

Splitting knowledge into subjects, for example: biology, maths, physics, chemistry, geography, history.

Universities

Architectural building structures

Theatres and festivals

Myths and legends of Greek gods and goddesses.

Facts

Ancient Greeks believed in gods and goddesses.

Hoplite soldiers were part of the Ancient Greek army.

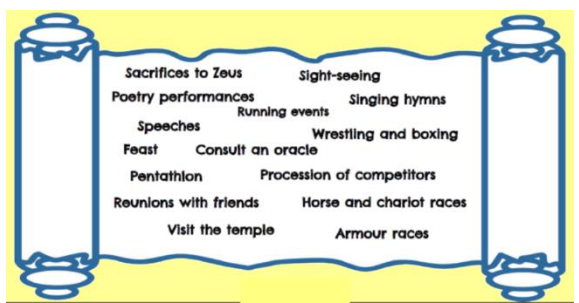

The Ancient Greek alphabet has 24 letters.

Pheidippides ran from Marathon to Athens (26 miles) to tell the people about the victory over King Darius. When he got there, he shouted 'Nike' (we won). People still run marathons today.

During Ancient Greek times there were a number of very famous thinkers, called philosophers. They asked and answered all sorts of questions, discussing important ideas about how the world worked. Some of them wrote books that people still read today. In fact, their ideas about maths, science, history, medicine and government still shape modern society in important ways.

There were many different events at the Ancient Greek Olympic games.
